

Royal Devon University Healthcare Data Protection Impact Assessment Toolkit		Version: 7
DPIA Reference		DPIA1374
DPIA Title		Olympus Diagnostc Image Capture System
Executive Summary of Proposal This is provided to Information Governance Steering Group and Safety and Risk as an overview of the project. It is also published on the website and should provide the public with an understanding of the information asset and how data is protected as a standalone statement.		An image management solution that interfaces with the Epic electronic patient record system to allow images and videos from Endoscopy and Surgical cameras to be stored digitally against the correct patient record in the Epic electronic patient record.
1) What data is being processed?		
2) What is the data being used for? What are you trying to achieve?		
3) Who will be involved? <i>(Please reference job titles, not named individuals)</i>		
4) Why do we need a DPIA?		
5) Does it relate to a current information asset?		
Please explain the proposed project in such a way that someone without a clinical background can understand.		
Please define all acronyms.		
Date Ratified		27 March 2023
