

## CRM Devices

Reference Number: F4885  
Date of Response: 07/09/2022

Further to your Freedom of Information Act request, please find the Trust's response, in **blue bold text** below:

### **Royal Devon's Eastern FOI Office Response**

I am writing to you under the Freedom of Information Act 2000 to request the following information from Royal Devon and Exeter Hospital NHS Foundation Trust, separated by the hospitals within your trust:

- A list of ICD and CRTD CRM devices purchased in 2021

Please see table below for Trust response. Please note for information relating to price paid: **This information is being withheld under section 43 (2) of the Freedom of Information Act.**

**This information is commercially sensitive and its release would, or would be likely to prejudice the commercial interests of the Trust.**

**In applying the exemption under section 43(2) the Trust has had to balance the public interest in withholding the information against the public interest in disclosure. The Trust has considered all the relevant factors in the public interest test and has reached the conclusion that the benefit to the public in applying the exemption outweighs the public interest in releasing the information requested, as a result of the prejudices and losses that would potentially affect the Trust and patients. The release could jeopardise the company's future positions, which would cause a detrimental knock on effect on the market place, and would potentially limit the choices available to public authorities, including the Trust. This would potentially threaten the quality of products and services available to the Trust. The Trust considers that it is not in the public interest to do anything to undermine the competitive nature of the procurement process, and the disclosure of key information, as has been requested, could have that affect. The Trust believes that the consequences of releasing the information are serious and the likelihood of this occurring is high.**
