

## Eating Disorders Obesity Admittance

Reference Number: RDF1650-23

Date of Response: 09/08/23

Further to your Freedom of Information Act request, please find the Trust's response(s) below:

Please be aware that the Royal Devon University Healthcare NHS Foundation Trust (Royal Devon) has existed since 1<sup>st</sup> April 2022 following the integration of the Northern Devon Healthcare NHS Trust (known as Northern Services) and the Royal Devon and Exeter NHS Foundation Trust (known as Eastern Services).

*Under the Freedom of Information Act, I would like to request the following information:*

*I would like you to provide this information in the following format*

- Broken down by month, age and sex where possible.*

- 1. The number of people admitted to your Trust's hospital with an eating disorder between January 2013 and July 2023 or the latest data available and their length of duration of stay in hospital to the nearest day.*

Answer: Please see table below. In accordance with Section 40 (2) of the Freedom of Information Act 2000, we are unable to provide figures where the number of patients is less than or equal to five and could risk the identification of those patients and breach Caldicott principles. In these cases ≤5 is used to indicate that a figure between 1 and 5 is being suppressed.

This follows NHS Digital (formerly HSCIC) analysis guidance (2014) which states that small numbers within local authorities, wards, postcode districts, CCG's providers and Trusts may allow identification of patients and should not be published.
