

Title

Elective Recovery Targets Through Industrial Action

Reference Number: RDF1699-23
Date of Response: 09/08/2023

Further to your Freedom of Information Act request, please find the Trust's response(s) below:

Please be aware that the Royal Devon University Healthcare NHS Foundation Trust (Royal Devon) has existed since 1st April 2022 following the integration of the Northern Devon Healthcare NHS Trust (known as Northern Services) and the Royal Devon and Exeter NHS Foundation Trust (known as Eastern Services).

I am writing to the request, under the Freedom of Information Act, a copy of any analysis your trust has made of the impact that industrial action this year has had, or is likely to have, of the trusts ability to meets its elective recovery targets.

Please see Trust response below. Please note: The Trust tries to minimise the impact on patient care due to the strikes, and we are adapting our recovery plans accordingly in conjunction with the regional performance team.

The chart is showing the actual activity completed for each of the point of delivery types for the industrial weeks, compared with the average activity normally seen in an average week.
