

**Royal Devon & Exeter NHS Foundation Trust**  
**Data Protection Impact Assessment Toolkit**

**Version 3**

<b>DPIA Reference</b>	<i>DPIA1190</i>
<b>DPIA Title</b>	Sensyne Health Collaboration
<b>Summary of Proposal</b> This is published on the website and should provide the public with an understanding of the information asset and how data is protected as a standalone statement.	Sensyne Health is a data analytics and artificial intelligence company. They partner with commercial life sciences companies, some academic institutions, and NHS organisations to turn large anonymised datasets into valuable information for developing next generation research and products including new drugs or therapies. The relationship is managed through Strategic Research Agreement and there are strong Information Governance (IG) procedures in place. The agreement is non-exclusive. This DPIA covers the processes to be followed by the Business Intelligence team to extract data to answer requests sent in by Sensyne and the process that Sensyne is to follow when making data processing requests. Including DPP.
<b>Date Ratified</b>	17 January 2023
