

Patient Drug Treatments

Reference Number: RDF1687-23

Date of Response: 25/07/2023

Further to your Freedom of Information Act request, please find the Trust's response(s) below:

Please be aware that the Royal Devon University Healthcare NHS Foundation Trust (Royal Devon) has existed since 1st April 2022 following the integration of the Northern Devon Healthcare NHS Trust (known as Northern Services) and the Royal Devon and Exeter NHS Foundation Trust (known as Eastern Services).

In the past 3 months [latest 3 months available] how many patients have received the following treatments [for any disease]:

Treatment	Trust total patients
Berinert (Human C1-esterase inhibitor)	* <5 patients
Cinryze (Human C1-esterase inhibitor)	We do not issue this product from Eastern and Northern Service.
Orladeyo (berotralstat)	We do not issue this product from Eastern and Northern Service
Takhzyro (Lanadelumab)	We do not issue this product from Eastern and Northern Service.
Ruconest (Recombinant human C1-esterase inhibitor)	We do not issue this product from Eastern and Northern Service.
Firazyr (Icatibant)	We do not issue this product from Eastern and Northern Service.
Icatibant – any brand except Firazyr	We do not issue this product from Eastern and Northern Service.

***<5 - Section 40 (2) - Less than five :**

The Trust holds the information requested, however In accordance with Section 40 (2) of the Freedom of Information Act 2000, we are unable to provide figures where the number of patients is less than or equal to five and could risk the identification of those patients and breach Caldicott principles. In these cases ≤ 5 is used to indicate that a figure between 1 and 5 is being suppressed.

This follows NHS Digital (formerly HSCIC) analysis guidance (2014) which states that small numbers within local authorities, wards, postcode districts, CCG's providers and Trusts may allow identification of patients and should not be published.
