<b>DPIA Title</b>	Zeiss Forum Smart Services - Remote Diagnostics
<b>Summary of Proposal</b> This is published on the website and should provide the public with an understanding of the information asset and how data is protected as a standalone statement.	The proposal relates to setting up a remote diagnostics connection to allow Carl Zeiss Meditec to remotely connect to Zeiss medical devices, in the event of a system fault occurring. This will mean a better service and resolution times from Zeiss. Zeiss Forum already approved for use and recorded on IAR as IA1095.
