

Title CACNA1C gene change

Reference Number: RDF2387-24

Date of Response: 26/03/24

Further to your Freedom of Information Act request, please find the Trust's response(s) below:

- 1 How many individuals were identified to have a CACNA1C gene change as a result of genetic testing during the year 2023 and are there any changes to the data you provided in response to my 2023 FOI request (your refs: RDF1603-23) relating to years 2021 and 2022 (as a result of reclassification for example)?*

Answer:

The Trust can confirm that we had no cases including a CACNA1C gene diagnosis in 2023, and no updates on previous cases such as the published FOI below:
