Royal Devon & Exeter NHS Foundation Trust	
Data Protection Impact Assessment Toolkit	**Version 4**

DPIA Reference	DA1174
DPIA Title	Mediconnect and North Devon
Summary of Proposal This is provided to Information Governance Steering Group and Satefy and Risk as an overview of the project. It is also published on the website and should provide the public with an understanding of the information asset and how data is protected as a standalone statement.	This project is to enable North Devon staff to use our Cardiolgy Mediconnect system, this will join the Service up and be of benefit to patients who have their pacemakers fitted at the RD&E. The system is a cardiac device database and includes: •The collection, normalisation and analysis of data from a range of cardio monitors and ICD devices, •Integration with Trust Epr Epic, •Reporting and data upload to NICOR (THE NATIONAL INSTITUTE FOR CARDIOVASCULAR OUTCOMES RESEARCH) •Integration with pacemaker and ICD remote monitoring services The MediConnect software is developed and supported by Fleischhacker GmbH.
Date Ratified	04 April 2022
