Further to your Freedom of Information Act request, please find the Trust's response, in **blue bold text** below:

### **Request and Royal Devon's Eastern FOI Office Response**

1. In the last three months, how many patients have been treated by your haemophilia centre with the following products?
  - Factor VIII (any brand)
  - Hem Libra (standalone)
  - Hemlibra in combination with any Factor VIII

**We can confirm that the data for the above categories is held by the Trust, however, In accordance with section 40 (2) of the Freedom of Information Act 2000, we are unable to provide these figures as the number of patients treated using the above products is less than five. Releasing this data could risk the identification of these patients. Therefore, this would breach Caldicott principles and principle One of the GDPR.**

**This follows NHS Digital (formerly HSCIC) analysis guidance (2014) which states that small numbers within local authorities, wards, postcode districts, CCG's providers and Trusts may allow identification of patients and should not be published.**
