

Title

Adverse Reactions to The AstraZeneca Vaccine

Reference Number: RDF1890-23

Date of Response: 25/10/2023

Further to your Freedom of Information Act request, please find the Trust's response(s) below:

Please be aware that the Royal Devon University Healthcare NHS Foundation Trust (Royal Devon) has existed since 1st April 2022 following the integration of the Northern Devon Healthcare NHS Trust (known as Northern Services) and the Royal Devon and Exeter NHS Foundation Trust (known as Eastern Services).

I would like all data sent by you to the MHRA between the 1st Jan 2021 and 31st May 2021 regarding Adverse Reactions to the AstraZeneca COVID-19 vaccine. I believe this data was sent on a weekly basis, was broken down by type of reaction and recorded whether there had been any fatalities.

The Trust is unable to respond to this request. The information requested is not held by the Trust. Any incident would be reported in real time and uploaded via a web-based upload system. MHRA retain that information. There has never been a requirement for the Trust to report weekly.

Any individual incidents would be reported by the yellow card process, either by us or patients may report directly. Please see link as follows:
