

## Onset Stills Disease (AODS) & Arthritis with Systemic Onset (SJIA) Treatments

---

Reference Number: RDF2124-23  
Date of Response: 19/12/23

Further to your Freedom of Information Act request, please find the Trust's response(s) below:

Please be aware that the Royal Devon University Healthcare NHS Foundation Trust (Royal Devon) has existed since 1<sup>st</sup> April 2022 following the integration of the Northern Devon Healthcare NHS Trust (known as Northern Services) and the Royal Devon and Exeter NHS Foundation Trust (known as Eastern Services).

*Freedom of Information request, please could you please answer the following 3 questions.*

- In the past 12 months, how many patients have been treated (for any disease) with the following:*

In accordance with Section 40 (2) of the Freedom of Information Act 2000, we are unable to provide figures where the number of patients is less than or equal to five and could risk the identification of those patients and breach Caldicott principles. In these cases  $\leq 5$  is used to indicate that a figure between 1 and 5 is being suppressed.

This follows NHS Digital (formerly HSCIC) analysis guidance (2014) which states that small numbers within local authorities, wards, postcode districts, CCG's providers and Trusts may allow identification of patients and should not be published.

<i>Anakinra (Kineret)</i>	$\leq 5$
<i>Canakinumab (Ilaris)</i>	Nil - Drug not used

- In the past 12 months, how many Adult Onset Stills Disease (AODS) patients have been treated with the following:*

<i>Anakinra (Kineret)</i>	$\leq 5$
<i>Canakinumab (Ilaris)</i>	Nil - Drug not used

- 3 – In the past 12 months, how many Juvenile Arthritis with Systemic Onset (SJIA) patients have been treated with the following:*

<i>Anakinra (Kineret)</i>	Nil
<i>Canakinumab (Ilaris)</i>	Nil - Drug not used
