Date of Response: 23/02/2023

Further to your Freedom of Information Act request, please find the Trust's response(s) below:

I am interested in projects such as new buildings or refurbishments of existing estate. I am trying to understand how often formal evaluations of a project take place post completion and how this information is used.

1. Has the Trust undertaken and completed any capital construction projects within the last 5 years? - yes
2. If yes, was a post occupancy evaluation (POE) study carried out after the project's completion? – yes
3. If no, what were the reasons for not carrying out a POE? – This question is not applicable.
4. If a POE was carried out did the Trust find the results of this beneficial? – yes, this is always good learning.
5. If a POE was carried out were the results published and/or shared within the wider NHS? – yes shared within the wider NHS.
6. Please could contact details be provided of anyone within the Trust who would be willing to take part in a more detailed discussion about POE – yes I can discuss but would need to understand– what is the research part of and who will receive outputs.
